

# 9th Grade Ancient History: Ancient World to 500 A.D.

## Miss Bonham sbonham@naplesclassical.org Room 248

**Mission Statement:** Our mission is to train the minds and improve the hearts of young people through a content-rich classical education in the liberal arts and sciences, with instruction in the principles of moral character and civic virtue.

## **Course Description:**

At Naples Classical Academy, 9th grade scholars begin a three-part study of western civilization. ### **Classroom Expectations**

## **Student Responsibility**

We take very seriously the charge placed upon us to train the minds and improve the hearts of young people through a classical education in the liberal arts and sciences with instruction in the principles of moral character and civic virtue, thus we expect our students will take their role just as seriously. Any course depends, to a great extent, on the commitment and energy of the students and the teacher. In any class, which is a community of inquiry, a commitment to excellence is essential to each student's intellectual growth in preparation for becoming a man or woman of virtue and excellence. Therefore, students must follow classroom procedures to show respect for themselves and others. Additionally, students must ask for assistance as soon as a difficulty arises.

#### **Procedures and Protocol**

#### **Absences**

**Homework:** Utilize the teacher board if you are going to be absent first. If you are absent from class, check with your teacher when you return for any missed work/notes/assignments. All work must be made up *within one school day for each day absent*. Students do not get extended time for assignments/tests they knew about <u>prior</u> to their absence.

**Quiz or Test:** You are required to be in class when quizzes and tests are administered. If you miss a quiz or test, you must make it up at the teacher's discretion. It is your responsibility to speak with your teacher and make the necessary arrangements.

#### **Academic questions**

Quietly raise your hand or signal to respond to a question or to ask for assistance.

#### **Arrival Procedure**

- Line up on the wall outside Miss Bonham's room. Enter the classroom quietly greeting Miss. Bonham at the door.
- Immediately read the board and begin the prompts quietly.

- Be prepared for class. Be in your seat and have your supplies and materials ready.
  - History Notebook
  - History Binder

  - o Colored Pencils, only on Geography days
- Respond appropriately when your teacher calls your name for attendance.

### **During class**

- To speak you must raise your hand
- If an announcement is being made, be silent and pay attention.
- If an adult enters the classroom, please remain seated and continue working (unless told otherwise).
- If there is a safety drill, follow the procedures that are specific to each drill. Always remain silent and listen carefully to adult instruction.
- If you complete an assignment early, complete appropriate seatwork (e.g. pleasure reading).
- If you need to dispose of trash, wait until the class has ended. You may not dispose of trash at any other time unless directed to do so.
- If you need to sharpen your pencil, do so before class begins.
- Your materials must fit in the basket or under your desk. If they do not fit you are to return extra materials to your locker.
- Participation: students begin each week with an 80% (B) for participation. Students may increase their grade by asking/answering questions, copying notes and being a model scholar. You must ask/answer questions to get an A. Students who distract from the discussion, ask irrelevant questions, talk to other students etc will lose points each day. If a student is unprepared or refuses to engage in class they will lose points as well

#### Class dismissal

The teacher dismisses the class, not the bell. Remain in your seat until the teacher dismisses you. Make sure you have written down your homework assignment in your planner. Check to be sure your desk is in the proper position, chair and your area is clean. Leave the classroom quietly and in an orderly manner.

#### Classroom materials

Get teacher permission to sign out any materials that do not belong to you before you use them or remove them from the classroom.

### Group work

Move your desks and/or chairs quickly and quietly as directed by the teacher. During group work, the teacher may give you a signal to stop talking. Put down your materials, turn your attention to the teacher, and listen. Follow all directions carefully. Stay focused on the objective of the lesson—all conversation should be focused on the topic. Use your inside voice when doing group work. Work cooperatively with your group.

#### Hall Procedures

Always be considerate of other students and walk silently in the halls. Do not disturb others in line or make noise in the hall that will disturb other classes.

#### Homework

Homework is designed to train the student to work independently and to accept responsibility for completing a task in addition to enhancing the student's preparation for or understanding of classroom activities. Homework will be posted on the board in the classroom, and students must write the homework in their planners. Students are expected to come to class with homework completed. Homework is defined as reading assignments, written assignments, projects, and preparation for class. Late homework will not receive full credit. 10% will be taken off and it will not be accepted after 1 week. Incomplete assignments will not be accepted. All typed work must be printed prior to the class period—no assignments may be printed during the school day. Your homework is still considered late even if someone else delivers your homework by any means at any point during the school day. If you are having any difficulties, please contact me before the due date.
